15- or 25-lamp Configuration

Trailer Construction & Materials

We are an ISO 9001:2000 certified company. We use exacting standards to develop, engineer and manufacture every product. The quality of materials and dedicated craftsmanship of our trailers give you superior durability, lower total cost of ownership and a better return on investment.

Key features:

- Heavy-duty, Grade B, structural steel tubing
- Steel tubing size: 3" x 2" x 3/16"
- MIG welds
- Highway Safety Orange powder coat finish
- Hand-winch mast

Versatile, easy to set-up, durable

The Skid Mounted ArrowBoard can be used in a wide range of applications. An auto lock holds the display securely in place whether it is in use or being transported. The heavy-duty steel frame has a powder coat finish to provide long-wearing durability.

Key features:

- Standard pin locking system
- Skid mount
